

# III Night City Scape Cluster

**DESCRIPTION**

Made from upcycled PET, post-consumer aluminum, and remnant Merino wool felt, Stackabl’s hanging pendants are endlessly customizable. They feature dimmable LED lights available in three color temperatures and lumen outputs. Designed to enable easy disassembly, these lamps provide flexible end-of-life options, including further upcycling. These pendant designs are part of the “Night City Scape” Collection configured by Benoist F. Drut, gallery principal of New York’s Maison Gerard. The collection also includes a new triptyque of Stackabl floor lamps featuring touch dimming and power via USB-CPD cable.

**CANOPY**

White

**CABLE**

Off-white

**CERTIFICATION**

ETL certified (UL equivalency)  
Dry indoor use only

**POWER**

**Power supply:**

- 12 VDC output Class 2 constant voltage integral power supply
- Integral power supply in Standard Canopy can support up to 10 light discs
- Integral power supply in Multi-fixture Canopy can support up to 25 light discs
- Remote drive options upon request
- Casambi, DALI, Lutron Compatible

**Controls:**

120/227 V input, TRIAC, ELV, 0-10 dimming

**Input voltage:**

120 VAC (277 VAC upon request)

**Lamping:**

3.7 W per 5” light disc / 7.4 W per 8” light disc, CRI 90, L80 50,000 hours

**Lumens delivered:**

350 lm per 5” light disc / 585 lm per 8” light disc

**LIGHT DISC TEMP**

2200 K / 2700 K / 3000 K / 3500 K

**ACOUSTICS**

Felt NRC: 0.2 / PET NRC: 0.3  
Sound absorption (sabins): 2.65

**MAINTENANCE**

Lint roll occasionally to remove general air-borne debris. Should soiling occur, spot clean with mild soap and lukewarm water. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt.

**PRODUCTION LEAD TIME**

6-10 weeks

**ASSEMBLED IN TORONTO, CANADA**

*Please note that our remnants are sourced from different lots, and color variations may occur*

# Night City Scape Column Floor Lamp Cluster

**DESCRIPTION**

Stackabl's latest lighting innovation, LED-powered floor lamps, aligns with the studio's commitment to sustainability. Made from upcycled PET, post-consumer aluminum, offcut stone, and remnant Merino wool felt, the lamps are endlessly customizable. They feature dimmable LED lights with touch on/off functionality, available in three color temperatures and lumen outputs. Powered by USB-C PD cables, they ensure global compatibility. Designed to enable easy disassembly, these lamps provide flexible end-of-life options, including further upcycling.

The initial three "Night City Scape" designs were configured by Benoist F. Drut, gallery principal of New York's Maison Gerard. "The colors of the offcuts drove the concept," Drut explains. "By using these materials, we kept costs low while creating elegant, illuminated totems that captivate with their vibrancy. Whether arranged in clusters or displayed as standalone pieces, they embody sustainable luxury."
